Re: Final Report - Taunton River Watershed Management Plan, Phase II  
Example Code Reform and Demonstration Projects

Dear Dr. Minnock:

I am pleased to submit to you four copies of the Taunton River Watershed Management Plan, Phase II – Example Code Reform and Demonstration Projects, Final Report, in accordance with our contract. The final report will be available by February 15, 2011 for public access on the project website, [www.horsleywitten.com/tauntonwatershed](http://www.horsleywitten.com/tauntonwatershed) and we will be sending out a notification of the availability of the final report to our list of project contacts. We hope that you will please provide one of the enclosed hard copies to the Bridgewater State University Watershed Access Lab and one to the University library.

This final report incorporates revisions in response to the comments from the Steering Committee based on our December 23, 2010 draft report.

It has been a pleasure to work with you and the Steering Committee on Phase II of this project, and we look forward to every opportunity to work with you again in the near future.

Sincerely,

HORSLEY WITTEN GROUP, INC.
