Introduction

Massachusetts General Law, Chapter 41, Section 81D states that a Master Plan “shall be a statement, through text, maps, illustrations, or other forms of communication, that is designed to provide a basis for decision making regarding the long-term physical development of the municipality.” At its heart, a Master Plan is a living document that needs to be updated on a regular basis (every 10 years) to reflect the changes in a communities goals, values, and desires. This will be Berkley’s first Master Plan.

In the Spring of 2018, Berkley formally began the process of creating a Master Plan. The Town contracted with the Southeastern Regional Planning and Economic Development District (SRPEDD) to complete this work. As with any successful planning document, public participation is a critical and important part in developing Berkley’s Master Plan, as it ensures that the document responds to the needs and desires of the community. The Master Plan Committee and SRPEDD personnel are providing a number of in-person and online opportunities throughout the 24 month process for the public to provide their thoughts and ideas. To that end, the Town, in collaboration with SRPEDD, established a “project brand”, a project website and Facebook page, numerous promotional materials, comment cards, large format paper maps, electronic presentations (PDFs and ArcGIS interactive maps) and other relevant materials to make every effort to engage with residents, business and property owners, town employees, and other interested stakeholders throughout the process.

Discovery Workshop (November, 2018)
The first step of the public process, the Berkley Master Plan Discovery Workshop, took place at Berkley Town Hall, on Saturday, November 3, 2018. The workshop sought to inform Berkley residents and business owners about Master Plans, their content, and the process by which they are created in. In addition, it kick-started a civic engagement campaign that will take place during the Master Plan process.

Land Use, Housing, and Economic Development Workshop (April, 2019)
The second workshop, documented in this report, addressed the (1) Land Use, (2) Housing, and (3) Economic Development Master Plan elements. It took place at Berkley Town Hall on Saturday, April 6, 2019. Similar to the Discovery Workshop, the objectives were to inform attendees about the update process and to gather feedback on the three specific topics.

In the time leading up to the workshop, SRPEDD personnel distributed the workshop advertisement and other materials at a number of local establishments and posted the flyer on the project webpage and Facebook page. Master Plan Committee members also shared the workshop flyer on a number of Berkley-based Facebook pages. Additionally, 900 copies of the workshop notice were sent home with schoolchildren who attend the Berkley Community School and the Berkley Middle School. Approximately 20 participants attended and shared their thoughts about Berkley’s current and future Land Use, Housing, and Economic Development.
The Day of the Workshop

1. Welcome and Introduction

The workshop began with an introduction describing the purpose of the meeting by addressing the following questions: What is a Master Plan? Why is a Master Plan relevant? What are the major planning elements that comprise the document? How does a town create a plan? How long does this take? This discussion was supplemented with a brief overview of current demographic data (the presentation is available in Appendix B).

2. Group Discussion

Following a short refreshment break, the workshop participants gathered together to discuss current issues or thoughts and to provide new ideas and input. The group focused on the following three elements: (1) Land Use, (2) Housing, and (3) Economic Development. In general, participants were encouraged to offer their thoughts (positive or negative) about each element, what changes they would like to see, and how to make those changes. During this conversation, SRPEDD’s facilitators helped guide the discussion and took notes, transcribing the ideas on large note paper. The workshop participants were reminded that they would be asked to participate in a voting exercise at the conclusion of the workshop. The discussion group portion of the workshop took approximately one (1) hour.

3. Closing Remarks and Voting

The workshop closed with a “thank you” expressed to all participants who contributed valuable input on Master Plan elements. SRPEDD outlined future plans for work on the Master Plan and demonstrated how to stay in touch using the project web page and the Master Plan Facebook Page. Then, on their way out, participants were asked to review the group’s notes, posted on poster boards at the rear of the room, and to vote for the top eight (8) most important items from the group. Participants voted by placing “sticky dots” next to a chosen item. Information resulting from the group discussion and the voting exercise is available in Appendix C.
Vote Counts & Top Comments

In order to organize and analyze all comments received at the workshop, SRPEDD created a simple database. A total of 22 comments were received and a total of 120 votes were cast.

Comments Summary

The three comments that received the most votes in each of the workshop categories are displayed below:

Land Use

- Retain our open space - how do we help the people who own this open space? Options - 11 votes
- Protect land in the river corridor and over the identified aquifer resource areas - 11 votes
- How can we make information/public education materials more accessible to the public? - 9 votes

Housing

- 55+ Village/Cottage/Integrated Retail/Conservation Areas/Pathways, etc. - 11 votes
- More options around “the Common”; this also ties-in to economic development opportunities - 7 votes
- Housing Production Plan - 4 votes

Economic Development

- Create mixed-use opportunities around “the Common” - 9 votes
- Look at potential of Town-owned property - 8 votes
- Keep our vision/ideas to an appropriate community scale - design guidelines - 6 votes

A comprehensive list of all 22 comments is available in Appendix C, organized by Master Plan element. All comments will be reviewed and considered during the creation of each Master Plan element and during dedicated public workshops. However, the remainder of this report will only present a grouping of comments that received the highest number votes in each section.

Closing & Voting Exercise
Main Themes

Throughout the update process, the analysis of all comments allows for even greater clarity and reveals a number of broad themes. Based on comments received at the first two public workshops, these themes are:

1. Explore ways to preserve open space in an effort to maintain Berkley’s rural character and natural resources.
2. Provide additional housing options in Berkley, specifically affordable housing for seniors.
3. Explore additional opportunities to create new businesses and economic development that complement Berkley’s rural character.
4. Pursue additional sidewalks and bike facilities to allow for alternative transportation options.
5. Place a greater emphasis on maintaining the town’s capital assets, specifically its buildings.
6. Enhance public education and information sharing efforts using all available tools to ensure that the public can make informed decisions.
7. Explore the possibility of creating mixed-use options around “the Common” and in the Myricks area.

These overarching themes merit close attention during all subsequent public outreach and civic engagement efforts.

Discovery Workshop Main Themes

What We Heard at the Discovery Workshop (November 2018)

1. Explore ways to continue to preserve open space in an effort to maintain Berkley’s rural character.
2. A need to create additional housing options in Berkley, specifically affordable housing and housing for seniors.
3. Explore additional opportunities to create new businesses and economic development.
4. Pursue additional sidewalks and bike facilities to allow for alternative transportation options.
5. Greater emphasis on maintaining the town’s current capital assets, specifically its buildings.

Please note, the main themes from the Discovery Workshop have been modified to reflect comments received at the second public workshop.
Land Use

A total of eleven (11) comments related to Land Use were recorded; six (6) of which received the most consensus votes:

<table>
<thead>
<tr>
<th>Element</th>
<th>Comment</th>
<th>Votes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land Use</td>
<td>Retain our open space - how do we help the people who own this open space? Options?</td>
<td>11</td>
</tr>
<tr>
<td>Land Use</td>
<td>Protect land in the river corridor and over the identified aquifer resource area</td>
<td>11</td>
</tr>
<tr>
<td>Land Use</td>
<td>How can we make information/public education materials more accessible to the public?</td>
<td>9</td>
</tr>
<tr>
<td>Land Use</td>
<td>Identify just where/what our “downtown” is, and then identify the type of development that we want to see in this area</td>
<td>7</td>
</tr>
<tr>
<td>Land Use</td>
<td>Conservation set asides must be maintained if we allow conservation development options</td>
<td>6</td>
</tr>
<tr>
<td>Land Use</td>
<td>Our land use potential will be very much linked to our infrastructure needs</td>
<td>6</td>
</tr>
</tbody>
</table>

As was noted in the Discovery workshop, attendees expressed that retaining Berkley’s rural character is very important to them. Retaining Berkley’s open space, protecting land in the river corridor, and protecting aquifer resource areas were the comments in which the most votes were cast. Discussion also focused on where development in Berkley should occur, specifically identifying where/what their “downtown” is and how it should be developed. Underlying the entire land use discussion was how the lack of municipal infrastructure (particularly municipal water and sewer) plays a critical role in all land use decisions. There was also a desire for the town to increase its public information and information sharing efforts, not only on land use topics, but in all areas, allowing citizens to make informed decisions.
Housing

A total of six (6) comments related to Housing were recorded; four (4) of which received the most consensus votes:

<table>
<thead>
<tr>
<th>Element</th>
<th>Comment</th>
<th>Votes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Housing</td>
<td>55+ Village/Cottage/Integrated Retail/Conservation Areas/Pathways, etc.</td>
<td>11</td>
</tr>
<tr>
<td>Housing</td>
<td>More options around “the Common”; this also ties-in to economic development opportunities</td>
<td>7</td>
</tr>
<tr>
<td>Housing</td>
<td>Housing Production Plan</td>
<td>4</td>
</tr>
<tr>
<td>Housing</td>
<td>Are there assets that we can repurpose or expand?</td>
<td>4</td>
</tr>
</tbody>
</table>

Based on the comments received at the workshop, many residents acknowledged the need to diversify the town’s housing stock. The current acre and a half (65,340 s.f.) residential zoning minimum lot size has created high housing costs which make it challenging for people with limited incomes, such as seniors to afford housing in Berkley. Looking to the future, there was a desire to create a variety of housing types, including 55+ housing, clustered subdivisions, and mixed-use housing. It is important to note that all of these zoning initiatives would require a 2/3 majority vote at Town Meeting, which has been a major hurdle to similar changes in Berkley’s past. Lastly, residents noted that the development of a Housing Production Plan would allow the town to develop a proactive strategy to address its housing needs.
Economic Development

A total of five (5) comments related to Economic Development were recorded; three (3) of which received the most consensus votes:

<table>
<thead>
<tr>
<th>Element</th>
<th>Comment</th>
<th>Votes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Economic Development</td>
<td>Create mixed-use opportunities around “the Common”</td>
<td>9</td>
</tr>
<tr>
<td>Economic Development</td>
<td>Look at potential of Town-owned property</td>
<td>8</td>
</tr>
<tr>
<td>Economic Development</td>
<td>Keep our vision/ideas to an appropriate community scale - design guidelines</td>
<td>6</td>
</tr>
</tbody>
</table>

The discussion around economic development focused on supporting economic development around “the Common”, but at an appropriate scale. Development around the Common would need to complement both the areas existing businesses and institutions as well as Berkley’s rural character. The type of development around the Common and throughout town could be coordinated via the use of design guidelines, which would help strengthen the local business environment and enhance property values by improving the quality of the built environment.
Conclusion

The Berkley Master Plan Land Use, Housing, and Economic Development Workshop was the second of five workshops in a sustained and comprehensive civic engagement campaign. Similarly, this document is the second step in identifying issues that are important to the citizens and businesses of Berkley.

Based on comments received at the first two public workshops, the Berkley Master Plan has the following seven (7) main themes:

1. Explore ways to preserve open space in an effort to maintain Berkley's rural character and natural resources.
2. Provide additional housing options in Berkley, specifically affordable housing for seniors.
3. Explore additional opportunities to create new businesses and economic development that complement Berkley's rural character.
4. Pursue additional sidewalks and bike facilities to allow for alternative transportation options.
5. Place a greater emphasis on maintaining the town's capital assets, specifically its buildings.
6. Enhance public education and information sharing efforts using all available tools to ensure that the public can make informed decisions.
7. Explore the possibility of creating mixed-use options around “the Common” and in the Myricks area.

These overarching themes merit close attention and will reappear in future Master Plan workshops to provide for opportunities for further refinement and possible additions.

Workshop Presentation & Handout
Berkley Master Plan

*Land Use, Housing, and Economic Development Workshop*

Saturday - April 6, 2019

Town Hall - 1 North Main Street, Berkley, MA 02779
Agenda for Today

This is a very basic, big picture conversation. Just tell us what you think. No homework necessary.

- 10:00 - 10:10: Introductions
- 10:10 - 10:40: Master Plan Introduction and Information Presentation
- 10:40 - 10:45: Refreshment Break
- 10:45 - 11:45: Discussion Group
- 11:45 - 12:00: Closing Remarks, Voting, Adjourn
Main Goals + Who/What Info = Planning

- Listen to you
- Understand your goals and priorities
- Gather, analyze, and present information
- Help make a plan that responds to your goals

What is SRPEDD’s role here?

What opportunities do we have?

What actions are needed?

What resources are required?

Who’s in charge?

What are the main hurdles?
Opportunities to Participate

Public Input Process

Visit the project website to find out more: www.srpedd.org/Berkley-Master-Plan
Agenda for Today

This is a very basic, **big picture** conversation. *Just tell us what you think.* No homework necessary.

- **10:00 - 10:10:** Introductions
- **10:10 - 10:40:** *Master Plan Introduction and Information Presentation*
- **10:40 - 10:45:** Refreshment Break
- **10:45 - 11:45:** Discussion Groups
- **11:45 - 12:00:** Closing Remarks, Voting, Adjourn
What is a Master Plan?

- A comprehensive analysis of all aspects of community development
- A plan for a community’s physical growth
- A long-range document (typical 5 to 10 year “life”)
- A guide for local public policy

Such plan shall be a statement, through text, maps, illustrations or other forms of communication, that is designed to provide a basis for decision making regarding the long-term physical development of the municipality. The comprehensive plan shall be internally consistent in its policies, forecasts and standards . . . [M.G.L. c. 41, s. 81D]
What are the Elements of a Master Plan?

State Requirements - M.G.L. c. 41, s. 81D directs Planning Boards to prepare a Master Plan with the following elements:

- Statement of Goals and Policies
- **Land Use**
- **Housing**
- **Economic Development**
- Natural and Cultural Resources
- Open Space and Recreation
- Services and Facilities
- Transportation and Circulation
- Implementation Strategies
What type of information do we consider?

- land use patterns
- zoning and laws
- town priority areas
- ownership and rights
- facilities and assets
- water resources
- conservation
- habitat areas
- agriculture
- transportation
- crash rates
- environmental hazards
- land values
- development history
- demographic and economic trends

and . . .
most importantly, your community’s character, input, and goals.

Berkley Master Plan

Master Plan “Land Use, Housing & Economic Development” Workshop
Saturday, April 6, 2019
10 AM - 12 PM
Town Hall
Snow Date is April 20, 2019

Join your fellow Berkley residents and business owners at this public workshop and provide your input to help guide Berkley into the future.

For more information, please visit:
www.srpedd.org/Berkley-Master-Plan
and
www.facebook.com/BerkleyMasterPlan

- Public Workshops
- Community Events
- Website and Facebook
- Comment Cards
- Master Plan Committee
- Existing Plans
Why Create a Master Plan?

A Master Plan helps municipalities to:

- Promote orderly and predictable development
- Provide clarity to property owners, developers, and permitting authorities
- Promote open, transparent decision-making
- Set priorities for developing and maintaining infrastructure and public facilities
- Protect environmental resources
- Strengthen local identity
Main Themes

What We Heard at the Discovery Workshop (November 2018):

1. Continue to preserve open space in an effort to maintain Berkley’s rural character.

2. Create additional housing options in Berkley, specifically affordable housing and housing for seniors.

3. Explore additional opportunities to create new businesses and economic development.

4. Pursue additional sidewalks and bike facilities to allow for alternative transportation options.

5. Place a greater emphasis on maintaining the town’s current capital assets, specifically its buildings.
What Does the Data Say?

Let’s explore some data from the following sources:

- U.S. Census Bureau (Decennial & American Community Survey)
- U.S. Department of Housing & Urban Development (HUD)
- MA Department of Education (DOE)
- MA Department of Housing & Community Development (DHCD)
- MA Executive Office of Labor & Workforce Development (EOLWD)
- MA Division of Local Services (DLS)
- Somerset Berkley Regional School District
  *(Bristol County Agricultural HS & Bristol-Plymouth Regional Tech. HS)*
Berkley’s population was booming in the 1990s. The rate has slowed, but Berkley is still growing at a faster rate than Bristol County.
Households

Average household size has decreased slightly.

- 3.11 in 2000
- 3.03 in 2010
- 2.83 in 2016

20.3% of Berkley households include a person age 65+ (up from 14.9% in 2000)

36.8% of households include children under 18 (down significantly from 51.3% in 2000)

Source: U.S. Census Bureau
Age Trends

Median Age: 34.7

- "School Age" (Under 20): 9.12%
- "Working Age" (20-59): 32.67%
- "Retirement Age" (60+): 58.22%

2000

Median Age: 41.7

- "School Age" (Under 20): 17.58%
- "Working Age" (20-59): 25.27%
- "Retirement Age" (60+): 57.14%

2016

Berkley’s median age increased by 7 years from 2000 - 2016. The share of older, “Retirement Age” people is increasing.

Source: U.S. Census Bureau
Berkley’s student population declined slightly between 2008 and 2018.
Median Household Income in Berkley is estimated at $95,186

This is much higher than median incomes in:

- Bristol County: $59,343
- Plymouth County: $77,627
- Massachusetts: $70,954

Surrounding towns:

- Dighton: $92,818
- Freetown: $91,618
- Lakeville: $93,691
- Somerset: $68,900

Source: U.S. Census Bureau
Slightly more than a quarter of owner households are housing cost burdened, whereas slightly more than 10% of renters are burdened.

Source: U.S. Department of Housing and Urban Development (HUD)
## Berkley’s Subsidized Housing Inventory (SHI)

<table>
<thead>
<tr>
<th>Community</th>
<th>2010 Census Year Round Housing Units</th>
<th>SHI Units</th>
<th>Percent</th>
</tr>
</thead>
<tbody>
<tr>
<td>Berkley</td>
<td>2,169</td>
<td>24</td>
<td>1.1%</td>
</tr>
<tr>
<td>Dighton</td>
<td>2,568</td>
<td>144</td>
<td>5.6%</td>
</tr>
<tr>
<td>Freetown</td>
<td>3,263</td>
<td>86</td>
<td>2.6%</td>
</tr>
<tr>
<td>Lakeville</td>
<td>3,852</td>
<td>274</td>
<td>7.1%</td>
</tr>
<tr>
<td>Somerset</td>
<td>7,335</td>
<td>273</td>
<td>3.7%</td>
</tr>
<tr>
<td>Taunton</td>
<td>23,844</td>
<td>1,529</td>
<td>6.4%</td>
</tr>
</tbody>
</table>

Source: MA Department of Housing and Community Development (DHCD)

In order to gain more control over the Chapter 40B process, Berkley must have 10% of its housing stock on the state SHI or meet annual production goals. It currently has 1.1%.
Affordable Housing vs. Housing that is Affordable

“Affordable” Housing:

- Subsidized by a public agency, non-profit, or a limited dividend company
- Income-restricted to households with incomes at or below 80% of area median income
- Deed restriction

Housing that is “affordable”:

- A household that is spending less than 30% of the household income on basic costs (mortgage/rent and utilities).

Berkley AMFI: $94,400
80% Limit (family of four): $68,000

Please note that this is a very basic description of the differences and is not meant to be an all inclusive definition.
### Job Growth, 2007 - 2017

The top employers in Berkley are the Somerset Berkley Regional School District and the Town of Berkley.
Berkley’s tax base is 94.4% residential.
For FY2018, the average single family tax bill in Berkley is $4,842 compared to $3,945 in Taunton, $4,114 in Freetown, $4,587 in Dighton, and $4,669 in Lakeville.

Source: MA Division of Local Services (DLS)
Berkley has a flat tax rate (meaning that it taxes residential and commercial properties at the same rate). Compared to its neighbors, the town’s tax rate is low.
Berkley Open Space by Level of Protection

March 2019 1 Mile
Discussion Questions

**Land Use**
- What type of development is right for Berkley?
- Which areas in Berkley are appropriate for future growth?
- Which areas are most important to preserve, enhance, or transform?

**Housing**
- What are Berkley’s primary concerns regarding housing? How are costs, conditions, and availability?
- Are there a variety of local housing opportunities to serve the needs of all citizens?
- What kind of housing development, and where, is right for Berkley?

**Economic Development**
- How is the economic health of Berkley? What are the key issues?
- Are there local employment opportunities?
- What businesses would you like to have in Town?
Refreshment Break!

- **10:45 - 11:45:** Discussion Groups
- **11:45 - 12:00:** Closing Remarks, Voting, Adjourn
Keeping in Touch and Participating Online

Welcome to the Berkley Master Plan Home Page!

Welcome! And thank you for visiting the Berkley Master Plan project web page.

The Town of Berkley is working with Southeastern Regional Planning and Economic Development District (SRP-EDD) to develop a Master Plan that will help guide the town moving forward. It is important to note that SRP-EDD does not have an outside agenda for the future of Berkley or its Master Plan. In other words, your input is an essential ingredient that—along with current, accurate data—determines what's in your town's Master Plan. The project, which will take place from September 2018 to June 2020, will feature a proactive and transparent civic engagement process; this will ensure that the Master Plan responds directly to the needs and aspirations of Berkley's residents and business owners.

This webpage will be your source for all information about the Master Plan, opportunities for participation, and notices of upcoming events, such as the Master Plan Discovery Workshop, which will take place on Saturday, November 3, 2018, from 9 AM - 12 PM at Town Hall. We will keep this site updated as the planning process progresses, so please plan on checking back here.

Workshop Comment Pads & Summary Table
Land Use

1. Return our open space - how do we help the people who own this open space? Options
2. How can we develop in a way to make it possible to retain our population - seniors and young people who want to stay?
3. We have tried twice to bring Conservation Subdivision to Town Meetings and failed
4. Look at a Housing Production Plan and show the options in your Master Plan promote what you want to do / reflect the community vision
5. Conservation set aside must be maintained if we allow conservation development options
6. Protect land in the River Corridor and over the identified aquifer resource area
0. Identify just where/what our "downtown" is, and then the type of development that we want to see in this area.

1. How can we make information/public education materials more accessible to the public?

2. Promote the potential of the Myrick area with past problems and constraints in mind.

3. Our land use potential will be very much linked to our infrastructure needs.

4. I.e. - look at extending water from Taunton.
Housing

1. Housing Production Plan
2. Housing types that promote a "sense of community"
3. 55+ village / cottage / integrated retail / conservation areas / pathways etc.
4. Assisted living / Memory care / etc.
5. Are there assets that we can repurpose or expand?
6. More options around "the common," this also ties into Economic Development opportunities
Economic Development

1. Create mixed-use opportunities around "the Common".

2. Keep our vision/ideas to an appropriate community scale - design guidelines.

3. This is another area to tie-in our infrastructure needs - walkable/bikeable.

4. Expanding the Library/creating a greater "pop-up" library (or satellite libraries) presence.

5. Look at potential of Town-owned property.
